

NOTICE TO THE PUBLIC.

Following the recent Public meeting that was held to organise the movement toward the procurement of a Public Cemetery, a Committee formed by that meeting has met at the now accepted site donated by Messrs Wilson Bros, and with a view to having things in order at the earliest possible date does now call upon the Public to subscribe to a fund for the necessary expense in connection with survey, grading and fencing.

R.H.E. Taylor has been appointed to accept donations toward this Public cause and same may be made either to him or to the office of the Pemberton Express at Pemberton Station It is sincerely hoped that an early response will make possible an early and adequate resting place private for those we once knew and respected.
